

Thomas Alleyne's High School

Thank you for your interest in the post of Teacher of Health & Social Care.

We are proud to offer a broad and balanced curriculum to our students and to have achieved significantly positive progress at GCSE for Progress 8 for the last three years. In addition to this, in 2016 we were one of the top 25% of Post-16 organisations in Staffordshire for progress in A Level.

As an ambitious and forward looking school, who are continually looking for further improvement, we have recently been awarded Teaching School status and are currently leading a group of schools on submitting a Strategic School Improvement Bid to increase uptake and outcomes in MFL. We completed the SSAT Assessment for Learning project this year and are passionate about providing effective CPD for all of our staff.

In April 2017, we became one of the founder members of the Uttoxeter Learning Trust. The Trust currently consists of the following schools: Picknalls First School, Windsor Park CE Middle School, Thomas Alleyne's High School, Oldfields Hall Middle School, All Saints' Church Leigh First School and Hutchinson Memorial First School. Together we form a 2-19 all-through educational family, supporting each other and providing excellent teaching and learning, outstanding extra-curricular activities and a friendly, safe and caring educational environment

As a school we were delighted when our school self-evaluation findings were supported by Ofsted in February 2016 when the School was praised by Ofsted inspectors and judged to be a 'good' school in all aspects of its work. You will see within the report that the inspectors recognise the rapid progress we have made since the last inspection.

Whilst there are many strengths within this report, staff and governors are unwavering in our focus on further improvement to ensure that students receive consistently outstanding education at our school. The areas which the inspectors have identified for the school which would lead the school to an outstanding judgment are areas which we will continue to focus on.

We are very proud of all our staff and students and are thrilled that you are considering joining our staff team. For further information please see our school website, read one of our weekly newsletters available or visit our school.

We would welcome your application to become one of our staff team.
