

On-line Shop

As a completely cashless school we operate an online shop. It is not linked to ParentPay accounts and this means that anyone can pay for items – so if a different family member wants to pay for something, they can do easily. The shop is not accessible from a ParentPay account – it is a completely separate web link available for anyone to use.

Ties, revision guides, maths sets, art equipment etc are available for you to buy. You can see what is in the shop by following the link below:

<https://app.parentpay.com/ParentPayShop/Uniform/Default.aspx?shopid=307>

After you have made a purchase, please print off a receipt for your child to present so that they can receive the items.

We hope you will find this facility an easy way to pay for resources.
