

THOMAS ALLEYNE'S HIGH SCHOOL

RE:

LEARNING JOURNEY

6TH FORM

POST-16
PATHWAY

College/Apprenticeships

Revision

Final Development of Buddhism

Study of Buddhism -
Practices

CEIAG 6th Form
Interviews take
place Jan of Y11

Mock
Exam

Buddhist
practices are
studied and
linked back to
the beliefs
learnt in year
10.

Similarities
between the
two religions
studies are
highlighted

Revision Guides will be given to all
students in year 11 and access to
resources made available to whole
cohort on teams

Year
11

Study of Christianity -
Practices

Re-cap – specific
information for Y11
Mock Examinations.

The Challenge of Atheism to
Religious Belief; useful Philosophy
to support the GCSE Exam.

Christianity and
Buddhism are put to the
test by viewing atheist
responses to key issues
studied in Y9 and Y10

Study of Christianity -
Beliefs and
teachings

Medical Ethics is studied, students will look
at a variety of case studies and the legality
around these two sensitive issues before
considering the religious beliefs of both
Christians and Buddhists.

Y10 Students begin
their AQA GCSE course.
This begins with one of 6
Theme based units being
studied centred around War
and Peace. Students will
learn examination skills that
will be required in order to
complete the full course.

Year
10

Marriage and the
Family unit that
answers questions
around sensitive
areas including
divorce and gender
equality

Bridging to
GCSE -
Religion, and
Relationships.

Y9 CEIAG
interviews.
Students select
option subjects

Religion, Crime and
Punishment

Religion and Life:
Abortion and Euthanasia

Religion, War, Peace and
Conflict.

An ethical theme based around
Crime and Punishment is
studied with topics such as the
death penalty and corporal
punishment investigated by
students.

Environmental Ethics is
studied, Students are
challenged to look at the
issues facing the
modern world and the
role religion can play in
possible solutions.

Buddhism is
introduced to the
students as an
alternative to the
more common
Christian
approaches.

Religion and Life: Planet Earth
- origins of the universe and
humans

Religion and Life: Animals

Study of Buddhism, key
beliefs and teachings

Students complete
lessons that focus on
the origins of life.
Learning about religious
and scientific
interpretations and
debating whether or not
the two can be
compatible with one
another.

Animal Ethics is the
main focus here
with Career links to
the farming
community and
animal testing.

Religion, Social Justice,
Wealth and Poverty

Religion, Human Rights, prejudice and
discrimination

WELCOME

Year
9

Y8 Taster
Sessions /
Transition days

Students complete
Lessons on: Prejudice and
discrimination and look at
ways in which religious
people can respond to
them.

Students will begin their Religious
studies learning journey by
exploring the nature of ethics and
morality, With a focus upon how
this has led to the creation of the
Human Rights.

As Buddhism is often seen as the trickiest part of our course for the students, a final push is made prior to the examination to recap and further develop their knowledge of Buddhist beliefs and teachings and comprehensive links are made to the practices unit.
